LOOK ONCE LOOK AGAIN!

Resource guides

\$24.95 ea

Designed to extend the curiosity created by the Look Once, Look Again! Science readers, these resource guides offer a broad spectrum of fun, hands-on activities. Each book features a special "Use the Clues" section that turns young readers into investigative detectives.

Exploring Habitats	9781574713671	
Exploring Plants and Animals	9781574714593	

I USED TO BE AFRAID OF...

Gr 1 – 3

Interest level Gr K-4

Help young readers discover that some animals only seem scary until you get to know them.

This 12 book series helps alleviate children's fears by providing a fascinating up-close look at how these creatures live and why people do not need to be afraid. Each book will help readers appreciate the positive contribution each animal makes to our world. High-interest text includes sensible precautions people should take to avoid being harmed by these animals

\$6.95 ea, single copy. Pack of 12 \$80.00

INSIDE SCIENCE

Reading level Gr 3 – 4 Interest levels Gr 2 – 6

Invite young readers to step inside the world of science.

Whether they chase a storm, investigate the causes of a volcanic explosion or learn about the science behind movie making, students will build their scientific knowledge, increase their content vocabulary, and sharpen critical non-fiction comprehension skills.

Avid and reluctant readers alike will be drawn in by the high-interest text, captivating photographs and illustrations, hands-on science experiments, and fascinating fact boxes.

24 book series covers the four main branches of science – Physical Science, Life Science, Earth and Space Science and Science and Technology. 24 pp ea

- Science standards listed on inside front covers
- Full-colour photos & illustrations with captions
- High-interest, student motivating fact boxes
- Non-fiction highlights including maps, & timelines
- Student experiments
- Glossary and index

Developed by South Pacific Press, New Zealand, published by Creative Teaching Press and distributed in Australia and New Zealand by Lioncrest Education.
\$9.95 ea, single copy. Pack of 24 \$220.00

Why Is It So?

Middle and Upper Primary students

Fun, relevant and interesting information about the world of Science. Written by Australian authors and including Australian and New Zealand content, each of the 22 titles in the series follow the same format, with a glossary and quizzes about the content to help cement learning. Students are encouraged to develop research skills and discuss the topics highlighted in each book.

Why Is It So?

Book Packs

Middle Primary A 8 titles – 16pp	9780521749565	\$95.95		
Why Do Crocodiles Snap? Why Do Leaves Change Colour? Why Do Swings Swing? Why Do Bridges Arch? Why Does Water Freeze? Why Do Magnets Attract? Why Do Raindrops Fall? Where Did the Moon Come From?				
Middle Primary B 8 titles – 24 pp	9780521749558	115.50		
Why Do Spiders Live in Webs? Why Does My Heart Pump? Why Is It So Loud? Why Do Balls Bounce? Why Do Shadows Lengthen? Why Does Water Evaporate? Why Do Volcanoes Erupt? Why Does Thunder Clap?				
Upper Primary 6 titles – 24 pp	9780521749527	86.50		
Why Do Monkeys Chatter? Why Does Electricity Flow? Why Does It Fly? Why Do Glaciers Grind? Why Do Diamonds Glitter? Why Do Stars Twinkle?
